H.F. Lenz Company Named in the Top 100 Green Design Firms

July 17, 2008, Johnstown, Pennsylvania. H.F. Lenz Company, headquartered in Johnstown, Pennsylvania, was ranked 75th in the Top 100 Green Design Firms in the Country, which was published in the June edition of Engineering News Record (ENR). Survey results were ranked based on 2007 revenues from projects that were registered and actively seeking certification from major third-party environmental standards or ratings organizations. H.F. Lenz Company currently employs 182 people, including 46 Professional Engineers and 14 LEED™ Accredited Professionals between their Johnstown Headquarters and branch offices in Pittsburgh and Erie, PA. To date, the firm has provided engineering services for 13 projects that have attained various levels of LEED™ Certification, and currently has 21 design projects, and 15 commissioning projects, pending LEED™ Certification. A few of our recent LEED™ projects include: The Pennsylvania State University's new School of Architecture and Landscape Architecture (LEED™ Gold); the new U.S. Drug Enforcement Agency building in Pittsburgh, PA (LEED™ Certified); and the renovation of the Immaculate Heart of Mary Motherhouse and Health Care Center in Monroe, Michigan (LEED™ Certified). H.F. Lenz Company has been a member of the United States Green Building Council since 2000.
